

Attenuator

S C Type

F C Type

Features

1. Low Backreflection Loss
2. Precise Control of Attenuation Range
3. High Power Endurance

Application

1. LAN, CATV System
2. Coherent Optical Communication
3. High Speed Transmission System
4. EDFA(Erbium-Doped Fiber Amplifier)

Specification

Operating Wavelength(nm)	1310 / 1550	
Attenuation Range(dB)	1~35	
Insertion Loss(dB)	± 10%	
Return Loss(dB)	PC	APC
	≥50	≥60
Operating Temperature(°C)	-40~+75	
Storage Temperature(°C)	-55~+85	
Humidity(%RH)	95
